Dean & Principal
M.K.C.G. Medical College,
Berhampur

EARNEST MONEY DEPOSIT

- 6.1 The amount of Earnest Money Deposit required is mentioned in the Section-II.

The Earnest Money Deposit will be submitted in the shape of **demand Draft only** in favour of **DEAN & PRINCIPAL MKCG MEDICAL COLLEGE, BERHAMPUR** from any Nationalized/Scheduled Bank payable at Berhampur.

- 6.2 The EMD of the unsuccessful tenderers will be returned back without interest after placement of purchase order to the successful tenderer and EMD.
- 6.3 The EMD will be forfeited if the tenderer withdraws its tender / furnish forged documents which is found during bid evaluation OR doesn't sign the contract / doesn't furnish performance security / doesn't supply the items (in case of successful bidder) within the stipulated time period.

TENDER CONDITIONS :

- 7.1 The details of the medical equipments with specifications are mentioned in **Section VI**. **The firm must clearly mention their specification, special features, upgraded version (if any), detail technical catalogue of the offered model in their tender.**
- 7.2 Tenders should be typewritten or computerized and every correction in the tender should invariably be attested with signature by the tenderer with date before submission, failing which the tender will be ineligible for further consideration.
- 7.3 Rates inclusive of excise duty / customs duty, packing, forwarding, insurance, transportation charges with **5 years onsite comprehensive warranty** and exclusive of Sales Tax/GST & Entry Tax *should be quoted for the medical equipments (Item wise) on door delivery basis. The turnkey job (cost of accessories if any required for Installation/Commissioning including installation/commissioning charges), & Sales Tax/GST & Entry Tax should be mentioned in separate columns.* The rates quoted should be in **Indian Rupees only**. Rates quoted in any other currency will not be accepted.
- 7.4 The supplier shall be responsible for delivery and due verification, installation and commissioning of the equipment in the proper site.
- 7.5 The rate per unit shall not vary with the quantum of order placed for destination point.
- 7.6 If there is difference between figures & words, words will be taken into consideration.
- 7.7 In the event of the date being declared as a holiday by Govt. of Odisha, the due date of sale, submission of bids and opening of bids will be the following working day at the scheduled place & time.
- 7.8 The price quoted by the tenderers shall not in any case, exceed the controlled price, if any, fixed by the Central / State Government / DGS&D and the Maximum Retail Price (MRP). The purchaser, at his discretion, will in such case, exercise the right of revising the price at any stage so as to confirm to the controlled price or MRP as the case may be.
- 7.9 No tenderer shall be allowed at any time on any ground whatsoever to claim revision of or modification in the rate quoted by him. Clerical error / typographical error, etc. committed by the tenderers in the tender forms shall not be considered after opening of tenders. Conditions such as **" SUBJECT TO AVAILABILITY" / "SUPPLIES WILL BE MADE AS AND WHEN SUPPLIES ARE RECEIVED"** etc., will not be considered under any circumstance and the tenders of those who have given such conditions shall be treated as incomplete and for that reason, shall be rejected.

- 7.10 If the relevant documents / certificates which are required to be furnished along with the tender are written in language other than English, the tendering firm shall furnish English version of such documents / certificates duly attested by a Gazetted Officer / Notary with his seal and signature.
- 7.11 Rate should be quoted in Indian Currency, both in words and figures against each item as the payments will be made in Indian currencies only (Annexure-IX). The tenderer shall not quote his own rate for any item other than the item specified in the list. (Section V – Schedule of Requirement).
- 7.12 Both Cover-A and Cover-B should have an **index and page number** of all the documents submitted inside that cover.
- 7.13 The Tax will be charged as per the guidelines given by the Finance Dept., Govt. of Odisha from time to time. GST (as applicable) will be paid to the supplier.
- 7.14 If any information or documents furnished by the tenderer with the tender papers are found to be misleading or incorrect at any stage the tender of the relevant items in the approved list shall be cancelled and steps will be taken to blacklist the said firm for three (3) years.

PACKAGING :

- 8.1 All the packaging should be New. The supplier shall provide such packaging of the goods as is required to prevent their damage or deterioration during transit to their final destination. The packaging shall be sufficient to withstand without any limitation including rough handling during transit, exposure to extreme temperature, salt and precipitation during transit and upon storage.

ACCEPTANCE OF TENDER AND SUPPLY CONDITIONS:

- 9.1 The Purchaser reserves the right to reject the tenders or to accept the tenders for the supply of the item tendered without assigning any reason thereof.
- 9.2 The Purchaser will be at liberty to terminate the contract either wholly or in part without assigning any reasons thereof. The tenderers will not be entitled to any compensation whatsoever for such termination.
- 9.3 The supply should be completed within 30 days from the date of issue of purchase order.

EVALUATION:

- 10.1 The price bid of the tenders who qualify in the technical bid fulfilling the eligibility criteria and complying to the technical specification shall only be opened.
- 10.2 The tender inviting authority may ask for demonstration (where ever required) of the equipment by the bidders at the premises of the tender inviting authority as a part of the technical evaluation before opening of price bid in order to verify the compliance to technical specification.

- 10.3 The rates of the item quoted by the tenderer who qualify technically will be evaluated after taking the following points into consideration: -
- a) Rate of the medical equipments will be taken after inclusion of the excise duty / customs duty, transportation, insurance, packing & forwarding & comprehensive warranty for (2) year.
 - b) The cost of the medical equipments (excise duty / customs duty, transportation, insurance, packing & forwarding & comprehensive warranty for One (2) year but excluding GST).
 - c) The circulars issued by the Finance Department, Govt. of Odisha from time to time regarding tax matters shall be taken into account for evaluation and shall be binding on the bidders. As per the Govt. of Odisha Finance Deptt. Order No. 48317(230)/F dt.23.11.2010, in comparing the cost of an article, if purchased from within the State with the price of similar article if purchased from outside the State, the amount of Odisha Sales Tax (OST) now GST shall be deducted from the total cost since it accrues back as revenue to the State. If after such deduction, the cost of articles to be purchased within the State is not more than the cost of including Central Sales Tax, transport and other charges of similar articles from outside the State, it would be economical to purchase articles within the State.
- 10.4 If the supplier fails to complete the supply within the extended period (if required), no further purchase order will be placed to the firm for the said item including forfeiture of the Performance security and the concerned firm will be blacklisted for two (2) years from the date of issue of letter for the said item.

PERFORMANCE SECURITY

- 11.1 The selected firm should submit the performance security in shape of Bank Guarantee / fix deposit pledged in favour of Dean & Principal, MKCG Medical College, Berhampur, equal to the amount of 5 % of the purchase order value (excluding the tax & CMC cost) of the items within 21 days of issue of the purchase order & the same will be returned back after completion of warranty period. The performance security shall be furnished at the O/o the Dean & Principal after getting the purchase order from the Dean.
- 11.2 The performance Security Money will be returned back to the tenderer without interest after the expiry of the warranty period i.e. one year after the date of installation & signing of the CMC agreement.
- 11.3 Security money will be forfeited if there is any violation of the tender terms and conditions.

Dean & Principal
M.K.C.S. Medical College
Berhampur

TRAINING & OPERATIONAL MANUAL:

- 12.1 The firm / supplier will provide hands on training to two doctors and two technicians in his own cost for operating / handling the medical equipment(s) at the time of installation of equipment.
- 12.2 The supplier / firm will provide the operation / maintenance manuals of all equipments to the purchaser at the time of installation.

TERMS OF PAYMENT :

- 13.1 No advance payments towards cost of indented items will be made to the tenderer.
- 13.2 Payments as mentioned above will only be made after keeping the performance security deposit from the supplier as per clause no. 11.1, if they have not deposited the same before. Payment will only be made after ensuring signing of the Agreement, undertaking and handing over of warranty papers of equipment by the supplier to the purchaser.
- 13.3 The payment will be released after satisfactory report received from the consignee i.e. the HODs of the concerned Department.

Support USB Mouse for Capturing/recording video & camera control. Stand alone on board camera control software for exposure control, Color control, Gain, Capture Image, Recording video, image comparison, image gallery etc, Software should be compatible with Win7/10/11 High Definition Wall Mountable 40" HD LED Monitor</p>	5

Anaesthesiology	2	Advanced ACLS Manikin (wireless)	1) Represents of an Asian adult male with accurate anatomical structures, should support wireless manipulation; 2) should be Powered by built-in lithium battery, allows to set all kinds of breathing modes and connect to real ECG and real defibrillation pacing monitor, which is suitable for treatments during various transportation environments. 3) should Come with complete oronasal cavity, airway and esophagus; supports cricothyrotomy endotracheal intubation; supports chest rise. 4) should come with external compression detector, dynamic curves of compression depth, compression sites and compression frequency can be showed in real time with records and assessment. Simulated Training for Acute and Critical Adult Rescue: Main devices for adult emergency skills training: one advanced computer, one intelligent adult emergency manikin, one multi-parameter monitor and one defibrillator. And other common advanced rescue devices and emergency medicine.	1
	3	Advanced Full Body CPR Training Manikin with Ontubation	1.Should Provide Accurate anatomical features, realistic feeling, natural complexion, and perfect appearance 2. Manikin Should connect to the electronic monitor via compression and ventilation duct. 3. Manikin Should simulate vital signs: 1) Initial state: manikin's pupil mydriasis and no carotid pulse 2) After successful rescue: manikin's pupil recover, and carotid pulse begin self-pulsation 4. Manikin's left shoulder Should support consciousness judgement, and the result can be printed on the report after operation 5. Should Simulate airway opening, and the relative green light on the monitor will be triggered once the airway is open. 6. Should have CPR operating modes: CPR Training, CPR Popularization and CPR Assessment: 7. Should have Electronic monitoring: the electronic lights monitor the airway opening, compression sites (including one correct position and four wrong positions), times of correct and wrong artificial respiration and external chest compression. 8. Bar code Should show the volume of insufflation: Should have English voices prompts during the whole process and the volume is adjustable. Compression frequency: 100-120 times/minute Remote control can be used to reset, playback and simulate emergency call, pulse check, forerign body removal and breathing judgement, etc. Power state: adopts 220V external power source, which can be used for both manikin and electronic monitor. Remote control could be used to reset, playback and simulate emergency call, pulse check, forerign body removal and breathing judgement, etc. Power state: adopts 220V external power source, which can be used for both manikin and electronic monitor.	1
	4	Advanced Adult CPR Training Manikin with monitor & printer	Should Simulate standard open airway, external breast compression Display device and alarm device Indicator, light display of correct and wrong compression Alarm of wrong compression Intensity display of correct (at least 5 cm) and wrong (5 cm>) compression Alarm of wrong compression Artificial respiration (inhalation) Display device and alarm device Inhalation 600 ml, wrong indicator light display and alarm prompting Inhalation between 500-	1

			600 ml right indicator light display Indicator light display open airway Inhalation too quickly or too much result in air entering into stomach, indicator light display and alarm prompting Ratio of compression and artificial respiration 30:2 (one or two person) Operating cycle One cycle includes five times of 30:2 ratio of compression and artificial respiration Operation frequency At least 100 times per minute Operation methods Exercise operation Examination of pupil response Myriads and myosis Examination of carotid response Pinch the pressure ball by hand and simulate carotid pulse Working conditions Input power should be 110-240 V	
	4.	Tracheotomy and Endotracheal Intubation Model	Should have Standard tracheotomy position, touchable trachea for locating cutting position Accurate structure: thyroid cartilage, cricoid cartilage, crico-thyroid membrane Practice percutaneous thyrocricoid puncture, cricothyrotomy, tracheotomy Different cuttings: vertical, horizontal, cross shape, "U" shape, reverse "U" shape Replaceable trachea and neck skin.	1
	5.	Adult Airway Intubation Simulator	Should have Accurate anatomical marks for Oral or nasal cavity intubation. Should allow observing the suction position from side face so as to instruct correct method of the intubation skill. Wrong operation, stomach inflation or laryngoscope compressing the teeth should activate warning prompting.	1
	6.	Child Trachea Intubation Model	Should have Anatomically accurate mouth, larynx, trachea, oral and nasal intubation. The neck should be backward in order to open airway. Insufflating air into the tube so as to verify whether the tube position is right.	1
	7.	Adult left IV Practice hand Kit	Should Allow trainees to practice and perfect IV injection, venipuncture, and blood sampling techniques on dorsal veins. Should be highly-simulated IV hand equipped with portable infusion stand.	1
	8.	Magnified Human Larynx Model	Should be a functional model, On base 3 times enlarged. Should Show movements of epiglottis & cartilages in the voice box. Should Show the morphology and structure of the respiratory tract and phonetic organ. Should be a Magnified Human Larynx PVC Model. Should have Size atleast 11.5 X 11 X 24 cm and 3- parts Dissectible	1
